City's 'SPIC Chick' Queen, Attendants Chosen

ACCLAIMED the "SPIC Chick" by almost 400 Salem residents and three out-of-town judges last night, Mary Lou Lutsch, above center, received her crown and authority to reign over the last month of Operation SPIC when the Junior Chamber of Commerce held a special meeting last night at the Lape Hotel.

The queen was selected from the five girls receiving the most votes cast by residents participating in the clean-up, fix-up, paint-up drive. In her court are, left to right: Florence Maier,

Marjorie Lutsch, SPIC Chick Mary Lou, Dorothy Barrickman and Margaret Kupka.

Mary Lou, or "Mitzie" as her many friends call her, is 21, a brunette with green eyes and stands six feet, one inch. She and her sister, Marjorie, make their home at 905 Arch St. Mitzie is a dental assistant.

Forty-seven prizes worth approximately \$500 will be distributed to the queen and her court with the SPIC Chick receiving the lion's share. She received a crown and flowers last night when the candidates were guests at the Jaycees' dinner.

Mitzie will soon start on a list

of official duties. She will oversee SPIC campaign activities and will tour the city parks with Park Commissioner Fred Smith. She will visit the Salvation Army headquarters to inspect progress in Operation Youth—the conversion of two storage rooms for the recreation and education of Salem's younger clan.

The Alliance Jaycees invited her to attend a meeting there next week and inspect the beards the members are growing in connection with Alliance's Centennial. She and her court will appear at the Saxon Club Saturday night when the district Saxon convention is held here.

Chicago Street Car Smashes 'Gas' Truck, 33 Die In Inferno

3 Trucks Burn In Collision At Ellsworth

One Driver Injured; 5 Fire Departments Combat Blaze

Fire destroyed three large tractor-trailer semi outfits and severely damaged another in two district traffic accidents this morning.

Three trucks were involved in one wreck at 4:40 a. m. today on Route 224 at Ellsworth.

Patrolmen said a truck driven by Paul Struss, 26, of North Hampton, Pa., was headed south on Route 45 and making a left hand turn onto Route 224. William Rickards, 35, of Irvington, N. Y., driving his truck east on Route 224, crashed into the rear of the Struss outfit and then collided with a parked truck operated by Clifford M. Frock, 22, of R. D. 12, Akron.

The gas tanks of Rickards' truck blew up and set fire to all three trucks. Most residents in the Ellsworth area were roused out of bed by the explosion.

Rickards is in Salem City Hospital with burns of the arms and legs. A relief driver on his truck, James Ruthven, 30, of Dumont, N. J., was unhurt as were the drivers of the other two trucks.

Struss Roadway Express truck was loaded with rubber mats and electrical equipment. It overturned and the load, trailer and tractor were completely destroyed.

Rickards' truck loaded with children's books and other freight also overturned and was a complete loss, while Frock's truck with a load of aluminum siding on was damaged, both by the fire and collision and approximately half of the load was lost, patrolmen estimated.

One of the trucks contained argon, gaseous element for electric lights.

Five fire departments answered the call and some were on hand up until five hours after the accident. Salem, Austintown, Green township, Berlin Center and Boardman had departments at the scene.

One of the trailers came to rest a few feet from the gasoline pumps at the truck stop and firemen maintained careful watch lest the first spread to the pumps.

The road traffic was tied up for four hours and wreckers were still cleaning up the debris at noon today.

LAST RITES FOR BLAST VICTIMS.—While firemen still pour water (right background) on rear of buildings ignited in the blast that followed collision of a streetcar and a gasoline tank truck on Chicago's south side, a priest (arrow) administers last rites to the victims. The charred bodies have been pulled from the ruins of the streetcar and piled under tarpaulins before removal to the morgue.

Wall Of Flames Sears Riders; 30 More Injured

People Trapped In Escape Rush; Switch Sent Car Into Truck

CHICAGO, May 26—(AP)—A wall of fire enveloped a crowded street car after it struck a double trailer gasoline truck last night and 33 persons perished in the flames.

Thirty others were injured, at least three critically. About 20 remained in hospital. Many of the dead and injured were Negroes.

The spreading flames from the thousands of gallons of gasoline in the huge truck set fire to eight two-story buildings and several automobiles. No bodies were found in the wrecked buildings. But more than 100 persons—mostly Negroes—were made homeless.

The accident occurred near the end of the evening rush hour—7:30 p. m.—near the heavily populated Third and State st. district, on the city's south side.

The crash and a deep roar were followed by black smoke and billowing flames that surged along state street like rolling flood waters.

Panic followed the crash. And there was terror and confusion at the scene long into the night. Thirty-three pieces of fire equipment answered the extra-alarm fire.

Traffic snarled as more than 20,000 persons milled in the vicinity, looking to the scene of Chicago's worst street car accident.

The frantic, trapped passengers screamed hysterically as they fought to flee from the flaming streetcar. Thirty-two of the estimated 45 passengers burned to death, their lives snuffed out in a matter of minutes after the collision. Many of their bodies were piled in a charred mass at the rear doors.

The truck driver perished in the cab of his truck. It was loaded with between 7,000 and 8,000 gallons of gasoline.

Only a few of the dead passengers were identified. One was believed to have been the motorist, Paul Manning, 42.

The conductor escaped by jumping through a rear window. About 15 passengers escaped in the same manner, many of them with clothes aflame. The rear doors on the street car jammed and the Chicago transit authority ordered an investigation.

The crash occurred at the Turn to STREET CAR, Page 10

60 Nations Seek Point Four Aid

Costs Would Be More Than Aid Bill Allows

WASHINGTON, May 26—(AP)—About 60 countries and dependent areas want to share in the "Point Four" program of U. S. help provided for in the foreign aid authorization now passed by Congress.

State Department officials reported this today, following the Senate's 47 to 27 vote of approval for the \$3,120,550,000 aid bill.

The vote gave President Truman his first major victory of the year in the field of foreign policy.

Republican Senate leaders fought unsuccessfully to block final action on the bill with an attack on the \$35,000,000 Point Four plan to benefit backward areas of the world with American technical aid.

The Senate voted to accept a Senate-House conference agreement on the foreign aid measure. This action sent the authorization bill to the White House for Mr. Truman's expected signature.

Congress must act on an appropriations bill to supply the money. In this connection, the Economic Cooperation Administration (ECA), which administers the aid program, reported it would have \$277,000,000 left over from the current fiscal year ending June 30. This is \$127,900,000 more than had been previously estimated as a carryover.

The Senate Republicans let it be known they will carry on their fight against the Point Four program.

State Department officials who told of the 60 requests for Point Four aid noted that the cost of meeting all of them would be several times the \$35,000,000 Congress authorized.

The Department is planning for a prompt start. Assuming the necessary actual appropriation will be voted by June 30, officials said the first project should be under way by the end of the summer.

Australia To Recall Troops In Japan

SYDNEY, Australia, May 26—(AP)—Australia is preparing to withdraw her 2,374 occupation troops from Japan.

Prime Minister Robert G. Menzies says the U. S. government has agreed to the withdrawal.

The removal of the occupation force, he said, was being ordered chiefly to provide a backbone for the new Australian home defense army to be formed in connection with the introduction soon of compulsory military service in this country.

McCarthy Raps Lattimore Again

Says He Intervened For 2 Chinese Reds

ROCHESTER, N. Y., May 26—(AP)—A new exchange of broadsides between Senator McCarthy (R-Wis) and Owen Lattimore added fresh thunder to the controversy over McCarthy's Communists-in-government charges.

The Wisconsin Senator produced documents last night which he said prove Lattimore intervened to keep the U. S. government from firing two wartime Chinese employees, after the Civil Service Commission had recommended their discharge because of alleged Communist activity.

Lattimore promptly fired back from Baltimore that McCarthy was repeating charges against the two Chinese "without producing the full record." That record shows, the Far Eastern affairs specialist added, that at least one of the men was in this country on a diplomatic passport issued by the Chinese Nationalist government.

In a speech here last night, McCarthy also took on the State Department for a fresh round in their bitter battle over whether the department employs Communists and Communist sympathizers.

The Senator said that the department had engaged in a "fraudulent cover up" of the information regarding Lattimore and the two Chinese.

He also lashed out once again at Ambassador-at-Large Philip C. Jessup, displaying letterheads which he said prove that Jessup belonged to Communist front organizations.

Leetonia Strike In 12th Day

Efforts At Meeting Fail; Will Try Again

LEETONIA, May 26—A government conciliator, W. W. Powell of Warren, joined in the effort to get the striking Crescent plant employees back to work when a "near-meeting" was held last night at the Crescent Stables.

Company management, the union committee and district officials were to meet through the efforts of the Leetonia Chamber of Commerce which is trying to bring the two groups together.

However, the union announced its men would not meet for an informal session but wished to hold a formal negotiating session. A new date was set for next Thursday at 1 p. m. R. C. Dubrucq, general manager, said he was unable to hold a negotiating meeting last night.

The union representatives remained outside the building while management entered and stayed inside. Powell and the Chamber committee composed of Tom Little, president; D. F. Grapp and James Blackwood conveyed messages back and forth between the two groups.

The strike is now in its 11th day.

Hailstorm Damages W. Virginia Crops

ROMNEY, W. Va., May 26—(AP)—A severe hailstorm pelted the eastern Panhandle of West Virginia yesterday, causing extensive crop damage and disrupting communications.

The ice pellet—about three-fourths of an inch in diameter—mowed down plants, stripped leaves off trees and left a two-inch swath of ice over streets and roads before giving way to rain.

The stricken area is on the fringe of the rich orchard belt that includes Northern Virginia and Western Maryland. Damage to fruit trees could not be estimated immediately, but it was expected to run high.

Fire destroyed the tractor-trailer semi outfit driven by Raymond Kozopas, 22, of Akron at 6 a. m. today on Route 30 near the junction of 45, seven miles south of Lisbon. State patrolmen said Kozopas told them he went to sleep and the truck struck a bridge breaking the cement guard rails on both sides of the road before stopping on the left hand side of the road.

The driver suffered abrasions of the scalp and left hand. He was taken to East Liverpool City Hospital.

Berlin Arms For Red Fete

Youth Movement Adds To Cold War Tensions

BERLIN, May 26—(UP)—British armored cars moved into position in the heart of Berlin today to guard against possible violence during this weekend's monster demonstration by 500,000 Communist youths.

Guns of the armored cars were leveled through barred wire barricades toward Potsdamer Platz, the Times Square of Berlin, where East meets West in a perpetual state of cold war tension.

The guns underscored Western Allied warnings that force will be used if necessary to repel any attempt by Red youths to carry out an earlier threat to seize all of divided Berlin.

Communist youths, identifiable by their blue shirts, will not be permitted to cross the sector borders during the massive demonstration that will reach its peak in a gigantic parade Sunday.

Soviet and East German Communist officials, faced with Western preparedness, promised to confine the rally to their side of the city.

In addition to the armored cars, scores of British troops armed with rifles took up stations inside the battered shell of Fremden Haus, a building commanding the square.

Opposite the British, long lines of Communist police cordoned off their side of the square.

Driver Held After Car Strikes Woman

Mable G. Barnhart, 35, of East Liverpool is in East Liverpool City Hospital today with abrasions and possible fractures of the back received when she was struck by a car as she was walking along St. Clair-Calcutta road at 9:41 last night.

Harvey L. Williams, 32, of Georgetown, Pa., told state patrolmen he pressed the foot button in his car to dim the lights and when the headlights went out suddenly he struck the woman before he could come to a stop. He was arrested for failure to have a driver's license and will appear in East Liverpool municipal court.

No one was injured in an accident on Route 46, a mile north of Columbiana when the tractor-trailer driven by George Leedom, 39, of Sioux City, Iowa, went off the road and hit a tree.

Leedom told patrolmen he was run off the road by another vehicle. The right front of the trailer was damaged.

Supersede Tricks Spelling Bee Entrant

WASHINGTON, May 26—(AP)—That tricky work "supersede" claimed the first victim in the finals of the 23rd annual National Spelling Bee today.

The victim: Audrey Mathews, a 13-year-old student from St. Cecilia's School in Washington. She was the District of Columbia's only entrant.

So great was the tension that Audrey burst into tears when she was told she had misspelled the word. She tried to spell it "supersede"—and that "C" was wrong.

Domestic Woes Started Binge

Naval Officer's Toot Cost U. S. \$19,000

LOS ANGELES, May 26—(AP)—What would make a Navy officer, with 19 years of honorable service, rifle a ship's safe of \$19,000 and then blow it all in a wild six month binge with a blonde?

Lt. Bascom B. Boaz is in the county jail today accused of just that. Broke, he is there in lieu of \$10,000 bail awaiting preliminary hearing on federal charges of embezzlement of government funds and desertion from the U. S. Navy.

What made the 42-year-old officer do it?

"Domestic trouble started me drinking," he said, "and drinking magnifies all troubles. That kept on until I felt I was cracking up."

Boaz said he drank very little before the war but took it up strong after he separated from his wife in 1941. He said there would have been a divorce then but the war came. He didn't want to go into combat legally separated from his two children.

In March of 1949, he said he offered to resign his commission but was retained because of his record. A native of Marion, Tenn., he first enlisted in the Navy as an apprentice seaman.

"I guess they'd take my resignation now."

His current trouble started last Thanksgiving when he got drunk in a Long Beach hotel and fell the urge to continue the binge.

"I went over to the ship (the Navy tanker Navasota) and went aboard. I had a right to. I was the paymaster. I left the ship 20 minutes later, drunk and with \$19,201.50, mostly in small bills."

At Fresno, Calif., on the way up to the San Francisco-Oakland area, he picked up blonde Pearl Rosemary Carter.

"She befriended me but she never knew that I stole the money."

Miss Carter was with Boaz when the FBI and Naval intelligence officers arrested him early yesterday. She was not held but told agents of the trip.

"It was great while it lasted. We had a great time."

AEC Overhauls Security Program

WASHINGTON, May 26—(AP)—Atomic energy security is being thoroughly overhauled today while the FBI tightens its grips on the Gold-Fuchs Russian spy ring.

An AEC spokesman reported that the commission already has adopted some changes as a result of its failure to protect America's atomic bomb secrets.

Congress confidently awaited new arrests as Harry Gold, 39-year-old Philadelphia bookman, and Dr. Klaus Fuchs, convicted atom spy, continued to give the FBI details on their wartime espionage activities for Russia.

Both men, it was reported, are going through mounds of photographs supplied by the FBI to identify their accomplices.

Gold is being held under \$100,000 bond at Hahnemann, Pa., for another hearing June 13. Fuchs is telling his story to FBI agents in London, where he is serving a 14-year term for giving Russia secrets.

U. S. Must Hike Foreign Buying

Bristol Says Imports Can End Loans, Gifts

TOLEDO, May 26—(AP)—A New York manufacturer said today the United States must increase its purchases of foreign goods and services to keep up its foreign sales "and get paid for them."

Lee H. Bristol, president of Bristol-Myers Co. told a "foreign trade gap" luncheon it is an "economic and fiscal absurdity" that we must continue a program of "sustaining exports by large-scale gifts and loans" to foreign governments.

Bristol, chairman of the international relations committee of the National Association of Manufacturers, said the only long-term solution to the trade gap problem lies in America buying and importing more goods from abroad.

The Toledo group is sponsored by the NAM, the Chamber of Commerce and the University of Toledo. It is studying the problem of the trade gap between foreign imports and exports.

Bristol conceded that an increase in imports "will subject some elements of our economy" to increased competition. The only alternatives, he added, are to substantially reduce exports or materially increase private foreign investments.

The first, he asserted, might create serious problems, and the latter "at best would be a temporary solution."

Bristol, a member of the NAM board of directors, said some means must be found for enabling other countries to earn the dollars they need in order to continue buying U. S. products and to pay service charges on U. S. loans and investments abroad.

Sawyer Must Decide On Lee

Fire Official Or Face Inquiry, Secretary Told

WASHINGTON, May 26—(UP)—Commerce Secretary Charles Sawyer today faced the choice of firing Far Eastern Trade Official Michael Lee or risking a Senate investigation of his department's loyalty practices.

The ultimatum was handed to Mr. Sawyer by three Republicans on the Senate commerce committee which questioned the cabinet official about Mr. Lee's record and background at a lengthy session yesterday.

Mr. Sawyer indicated he would give his answer in a report to Sen. Lester C. Hunt (D) of Wyoming, chairman of a subcommittee considering a proposal to investigate Mr. Lee as a security risk.

The inquiry was suggested by Sen. George W. Malone (R) of Nevada, who accused Mr. Lee of associating with subversives and lying in applications for citizenship and government jobs. Mr. Lee was born in Manchuria.

Sen. Hunt said he would take no action until he heard from Mr. Sawyer.

Union Dispute May Be Aired

Detroit Local Wants To Mediate For Toledo

TOLEDO, May 26—(AP)—The troubles of the second-largest CIO-United Auto Workers local may be aired before the union's largest local—if the leadership of the strife-torn local agrees.

Local 600 of Detroit, representing the UAW at the Ford Motor Co., offered yesterday to hear both sides of a dispute in Toledo Local 12 which centers around the activities of Richard T. Gosser, UAW international vice president.

Representatives of the anti-Gosser group, which contends Gosser's tactics in Local 12 are "dictatorial," quickly agreed to tell its side of the dispute to Local 600.

Gosser could not be reached to learn whether the leadership of Local 12 would agree to let its sister local embark on a peace-maker's role. Local 600 has a membership of about 60,000; Local 12 claims a membership of 30,000-35,000. The anti-Gosser faction claims it represents 5,000 to 7,000 of the Local 12 membership.

Gosser has described his opposition in the local as composed of "twisted individuals" who are "aiding those who would destroy the union."

Edward Duck, secretary of the insurgent group comprised of seven units of Local 12, said last night he and other insurgent leaders met last Thursday with Local 600 officials in Detroit and listed their charges against Gosser.

The offer to hear both sides of the controversy came from Carl Stellato, President of Local 600. The meeting, if it is held, will be at Detroit.

Court Rules Milk Price Fixing Legal

COLUMBUS, May 26—(AP)—The Secretary of Agriculture has the right to set milk prices in central Ohio, the U. S. district court ruled yesterday.

Judge Mell G. Underwood dismissed a suit by Charles W. Allen of the Allen Milk Co. who contended the secretary has no such authority over milk produced in the Columbus area.

The judge ruled this milk came under the regulations dealing with interstate commerce. Allen contended that since most of the milk produced in the Columbus area was consumed or processed in Ohio, interstate commerce was not involved.

The judge said at least one-half of one per cent of the total milk produced in the Columbus area is manufactured into butter and cream for shipment into West Virginia and Kentucky.

BIRNS' APPEAL SET

Another Banker Admits Stealing

Circleville Cashier Wasn't Paid Enough

CHILLICOTHE, May 26—(AP)—South central Ohioans today were talking about the third case within four months of a bank official being arrested and accused of taking bank funds.

Under arrest in Chillicothe, is Nelson E. Reichelderfer, 68, charged specifically by the Federal Bureau of Investigation with embezzling about \$7,000 from the Circleville Savings and Banking Co. He is a former executive vice president and cashier of the bank.

The FBI arrested him yesterday and committed him to Ross county jail in default of \$2,000 bond.

Slightly more than three months ago Damon Grow, former cashier of the First National Bank in Jackson, was in the same jail. He was accused of stealing \$102,000 in depositors' funds over a long period of time. He pleaded guilty to falsifying books of the bank.

Within the last 10 days Cincinnati police accused Paul Smithson, Waverly, O., bank cashier, of absconding with about \$6,000 of the bank's funds.

The 68-year-old Reichelderfer has not entered a plea yet, but he told a newsman that he took "between \$5,000 and \$6,000." The statement was made last night in the presence of Sheriff S. B. Mark.

Reichelderfer and the 50-year-old Grow said they felt their salaries were too small for the work they did.

Reichelderfer told a newsman that when he started working at the bank 16 years ago he was paid \$2,400 a year. At that time, he continued, the bank had assets of about \$300,000. Later on the bank's assets passed the \$2,000,000 mark, but his salary only advanced to \$3,200 a year.

"I've been able to make money for other people but not for myself," he said. "Things were pretty high—trying to keep up appearances and raising a family." He said he took money from the bank twice, the first time being in 1944.

He has five grown children. Reichelderfer was a state banking examiner for 11 years before he joined the Circleville Bank. Before that he taught school.

One Man's Opinion

By WALTER KIERNAN

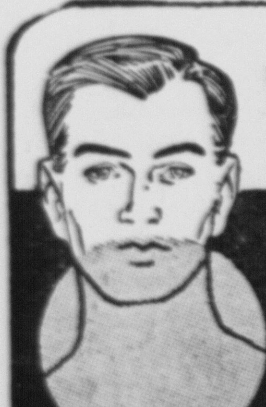

MR. TRYGVE LIE, returning from a series of conferences with world leaders, can report that he found them all in splendid health and miserable spirits.

There was no doubt about our own support of the United Nations at any time... even at three-power rump caucuses in London we are strongly for one world without power blocs such as three-power groups.

In London, Mr. Lie visited Prime Minister Attlee between conference votes and in Paris he talked with Premier Bidault, who has set a record of several months in office.

He got status quo assurances all around, and they are just as strong as the governments that made them... what more could a man ask?

POLICE ROUT PICKETS AT 'HOLD BERLIN' RALLY.—Some of the 1,000 leftists who crowded the entrance to an anti-Communist "hold Berlin" rally in New York City are routed by mounted policemen. Gen. Lucius D. Clay, former U. S. military governor in Berlin, was heckled frequently as he addressed the Town Hall meeting.

Boy Sells Pup To Aid Pal's Funeral Costs

NEW YORK, May 26—(AP)—Holding back the tears, thirteen-year-old Rudy Loizzi sold his beloved pup Brownie for \$2 yesterday to help raise funds to bury a 17-year-old pal who drowned.

The pal, Frankie Romanger, lost his life ten days ago while playing with Rudy and other friends on an East River dock.

Frankie's parents were short of cash, and his body has been at Bellevue Hospital morgue since it was recovered two days ago.

Boys of the neighborhood started collecting a funeral fund yesterday. After Rudy sold his pup, another lad sold some pet pigeons and tossed \$3 into the kitty, made up mostly of pennies and nickels. Some boys ran errands for tips, others collected rags and bottles to sell.

There was \$35 in the pot this morning. The grown-ups who knew Frankie were expected to kick in with the rest of the money needed.

Polio Victim Hero, Rescues Two Youths

CLEVELAND, May 26—(AP)—An Olmsted Falls High school senior—a polio victim last summer—was a hero today after pulling two sixth-grade swimmers from rain-swollen Rocky River.

Charles Burchard, 17, who was fishing nearby swam to the rescue of Tommy Brennan and Joe Kucklick. The two 12-year-olds decided to rush the swimming season yesterday and were swept from a pool over a four-foot concrete dam into the river rapids.

CIO Electrical Union Wins In GE

BALTIMORE, May 26—(AP)—The CIO-International Union of Electrical Workers today appeared to have wrested bargaining rights for a majority of General Electric employees from a rival union it considers Communist-dominated.

Some 90,000 workers voted at 57 GE plants in yesterday's National Labor Relations Board election and gave IUE victory in 49 units and divisions representing 66,083 employees.

The United Electrical Workers apparently carried off 47 units with a total representation of 38,137.

In the "popular vote" throughout the GE system, IUE today tallied an unofficial 52,784 to UE's 40,616. The election, however, determines representation by individual plants and not for the whole company.

290 May Die As America Travels Over Holiday

By United Press
The vanguard of holiday-bound Americans took to the highways today on the eve of the four-day Memorial Day weekend. Millions of others jammed trains, buses and planes as they headed for beaches, lakes, mountains and other pleasure spots. The National Safety Council estimated that up to 30,000,000 automobiles would be on the highways during the holiday weekend. Ned H. Dearborn, president of the Council, said 290 persons will meet violent death in highway accidents unless motorists "meet the holiday hazards with extra caution and courtesy."

Deaths in air crashes, drownings and other mishaps will add to the toll. The Safety Council's estimate of 290 highway fatalities was considerably above the 229 figure for 1949's three-day Memorial Day weekend. If its estimate proved accurate, it seemed probable that total overall deaths this weekend would soar well above the 408 recorded in 1948. Airlines scheduled extra flights to accommodate reservations running as much as 30 percent above last year. Leading railroads and bus lines geared to handle the usual heavy holiday flow. The Chicago Motor Club estimated that 1,000,000 persons

would leave the city over the weekend. Most of them are bound for nearby resorts. Thousands of fishermen braved late-spring snow in the Colorado Rockies, where a wintry onslaught ushered in the 1950 trout fishing season yesterday. Snow was general in Wyoming and Colorado and extended into the Western Nebraska plains. Relatively cool weather also was reported in northern states, but most of the nation enjoyed summer-like temperatures. Many persons had four days free and planned extended jaunts. Others will have to work Monday and must split their travels

between the weekend and Memorial Day. **GOP CREDIT ESTABLISHED** CLEVELAND, May 26—(AP)—The Republican party's credit record with the City of Cleveland was in good standing again today. George H. Bender, Cuyahoga County GOP committee chairman, handed Mayor Thomas A. Burke a check for \$1,257 yesterday. That squared the party's debts to the city incurred during political campaigns going back to a Public Hall rally in 1936 for Alfred M. Landon, the Kansas City oil man who lost to Franklin D. Roosevelt.

Cameos set in an easel frame of blue and lace were the favors which marked each place at the tables decorated with spring flowers and a blue, white and yellow theme.

Mrs. Robert Lieder, president and hostess for the evening, welcomed the group. "Mother's Tools" was the poem tribute read by Mrs. Buehler.

Spices Improve Pork Flavor

DO you enjoy using spices? If you do, the new 47-page booklet, "The A-B-C of Spice Cookery," will interest you. It gives these two pork with spice recipes:

Spicy Pork Chops

(Serves 6)

Six pork chops, 1-inch thick 2 tablespoons flour, 2 tablespoons fat, 1 1/4 teaspoons salt, 1/2 teaspoon pepper, 1/4 teaspoon dry mustard, 1/2 teaspoon cinnamon, 1/4 teaspoon cloves, 1/4 teaspoon allspice, 1/4 cup vinegar, 1/4 cup raspberry jam, 1 cup hot water, 3 large onions, cut in 1/2-inch slices, cornstarch.

Roll chops in flour and slowly saute in fat until well browned on both sides. Place in large flat casserole. Mix salt, pepper, mustard and spices with vinegar; add jam and 1/2 cup of the hot water and pour over chops. Bake, covered, in moderate oven (350 degrees F.) 45 minutes. Place onion slices around

chops and bake, covered, 3/4 to one hour longer, or until chops are tender. Remove chops and onion rings to hot platter. Skim off excess fat, add remaining water to gravy in casserole, thicken with cornstarch to desired consistency and serve with chops.

Pork Chops With Stuffing

(Serves 4)

Four thick chops, 1 cup crumbs, 1 tart apple, finely diced, 1/4 teaspoon poultry seasoning, 1 small onion, grated, 1/2 teaspoon celery seed, warm water, 1/2 cup tomato juice.

Trim most of fat from edge of chops; chop fine. Add remaining ingredients (except tomato juice) to the fat with warm water sufficient to make a moist but not wet stuffing. Shape into mounds over chops. Bake in moderate oven (350 degrees F.) about 45 minutes to 1 hour, adding 1/2 cup tomato juice after 15 minutes of cooking.

This girl tries new tricks with old trinkets pulled from her jewelry box (center). Tiny gold circlets pin a charm bracelet to outline the slit pocket (upper left). The choker (lower left) makes imaginative use of a small sunburst pin and two pearl

scatter pins. An old coin strung on a chain teams up with a print scarf to make a bright fill-in for a V-necked dress (upper right). Four tiny pins are grouped for more impressive display on a ribbon tab for a flap pocket (lower right).

Trimble Class Hears Talk On Flowers

MRS. E. S. HUFFMAN, Salem Garden Club member who won a national award last year for a naturalistic arrangement, was the guest speaker at the meeting of the Presbyterian Trimble Class Tuesday evening.

Flower arranging was discussed by Mrs. Huffman who illustrated her topic by the graphic use of tulips, flowering crab, mullein leaves and pansies.

The worship service by Mrs. Meiser also stressed flowers as described in the Bible. Miss Emma Hoopes, class teacher, told of her winter's stay in Florida.

The class voted to send money to the Canada Indian Mission in Arizona and to a school for girls in India. The meeting June 27 will be held in the home of Mrs. Nelson Baunach, southwest of Salem.

Street Car

(Continued from Page 1)

street car — one of the new stream-lined cars—moving south in State street, swung suddenly to the left to enter a switch back siding in a vacant lot on the east side of the street. A flooded underpass at 64th street made it necessary to re-route the car.

Witnesses said the car crashed into the northbound truck. Gasoline poured out of the torn sides of the trailers, spilling and spraying over the street car into the street.

A CTA spokesman said the car was moving at a brisk speed when it entered the switch. A flagman said he frantically waved at Motorman Manning that the switch was open—in a position which would change the course of the car. The car continued on and collided with the gasoline truck.

One witness—Peter Simadis, 40, a tavern owner near the crash scene—said the fire "was traveling in a series of explosions,

spreading so fast that no one could have escaped its path.

"I ran to the telephone but before I could complete a call to the fire department the front window of the tavern cracked under the intense heat and then fell inside."

The intense heat blistered billboards 75 feet away. Four or five explosions followed the crash. Witnesses said the flames "jumped around like big balls."

Mrs. Mary Pokorney, 42, a telephone company supervisor and one of the passengers who escaped with minor injuries said one passenger had shouted a warning "look out" before the crash.

"Then I heard a crash and the car rocked, then righted itself," she said. "I saw people sprawled about the car. There was black smoke everywhere. At first all doors were closed. Then someone got the back door open and I fell out."

Deming Nine Buries Sanitary In 17-0 Tilt

Feature 15-Run Third Inning

Hub Beats Mullins; CIO Wins Fourth Tilt

Before the ink was dry on a column on this page last night, applauding the tight ball games in the city leagues, the roof fell in at West End park. Runs, runs and more runs were scored in the four AA and A games, with the 17-0 rout of the Sanitary by Deming as the clincher.

The Hub defeated Mullins 10-8 in AA, while the league leading CIO hung a 12-4 setback on the MAT and Terminal Tavern beat City Sporting Goods 10-5.

The Deming nine went completely berserk in the third frame of their game with Sanitary. They scored 15 runs, got all nine of their hits, and had 21 men parade to the plate—all in that one inning.

Kenny Brudery's fine two hit pitching performance was overshadowed by his mates' power at the plate.

The Hub took a quick 9-5 lead over Mullins early in the game, then hung on to make it stand up. Three homers featured the game. Kenst and Cibula of The Hub each connected, Cibula's coming with one on base, Hrvatin of Mullins parked one with one on.

The CIO, leading the A League with a 4-0 record scored in every inning to easily stop the Men About Town. Henry Dermotta, CIO pitcher, allowed only one hit.

A big five run first inning by Terminal Tavern proved to be the winning margin in their 10-5 win over Sporting Goods.

Julian Draws With Keomuka In Match Here

In other bouts, Fred Bozie of Cleveland was disqualified for choking tactics in his go with the Black Phantom. In the girls' match, Eve Lee defeated Mae Young, taking two straight falls.

Big Ten Good Bet To Sign For Bowl

EVANSTON, Ill., May 26 — (AP)—The Big Ten apparently is back in Rose Bowl business for another five years.

Athletic directors and faculty representatives of the powerful midwestern league yesterday named a seven-man committee to talk over with the Pasadena pact of five years with the Pacific Coast Conference. A spokesman said this meant provisional approval of a renewed series.

The present five-year agreement between the two loops ends with next New Year's game with the Big Ten seeking a fifth straight win.

The Big Ten action opening a three-day business session buried rumors that the conference might revise or drop the post-season classic. The league, however, still must give final stamp of approval after inter-loop discussions.

The possibility that the Big Ten might reduce from three to two years the limit a member may appear at Pasadena still was open for debate. The Pacific Coast allows its champions to appear annually in the bowl game, regardless of whether it is a repeater.

The chief difference on the bowl set-up, as described by Breneman, was over ticket distribution to the Big Ten. The conference, he explained, wants more than the approximate 14,000 ducats currently handed the Big Ten for the Pasadena feature attended by approximately 100,000.

The Big Ten, bowl committee includes Dick Larkins, Ohio State, H. O. (Fritz) Crisler of Michigan, and Doug Mills of Illinois, all athletic directors; Breneman, Ralph Aigler, of Michigan, and Kenneth Little of Wisconsin, faculty representatives, and League Commissioner K. L. Wilson.

Yanks Win 8 Straight Tilts

Sweep Western Road Series At Detroit

By Jack Hand

Any day now you'll hear the yell: "Break up the Yankees." Thundering through the West with eight straight victories, the world champs head East with a 3 1/2 game lead in the American League.

Casey Stengel's surprising New Yorkers are doing better than the 1949 "miracle team." A year ago today they had a 22-10 record. Now it's 22-8.

And they're doing it without "Old Reliable"—Tommy Henrich—sidelined by a knee injury. Henrich played only six innings during the all-winning tour.

Yogi Berra was the big wheel at Detroit. He delivered a bases-loaded homer for the winning margin.

Berra's belt came off Art Houtteman in the fifth inning. It gave Tommy Byrne a 6-0 edge that melted under homers by George Kell and Hoot Evers in the eighth. Then Joe Page came in to stop the Tigers.

The Boston Red Sox, fence-busters at Fenway Park, barely hobbled out of the West with a 5-5 mark. They almost didn't make it.

IT TOOK a grand slam homer by Walt Dropo, topping a six-run rally in the eighth inning for the Red Sox to subdue St. Louis, 15-12. Johnny Pesky helped the cause with five of the 19 hits.

Homers by Paul Lehner, Sam Chapman and Pete Suder jerked the Philadelphia A's out of their losing ways with a 6-1 victory over Chicago.

Eddie Sawyer's Phillies continued to get fine rookie pitching as Bob Miller, up from Terre Haute, blanked Pittsburgh, 3-0, with eight hits. It was the third start and third victory for the 23-year-old right-hander.

Preacher Roe wobbled through the early innings before settling down to make Chicago his fourth victim, 5-4. Gil Hodges drove home the tie-breaking run in the fifth with a single scoring Duke Snider from second base.

Manager Leo Durocher and his second baseman, Eddie Stanky, were chased long before Leo's New York Giants dropped a 13-inning game to the St. Louis Cards, 7-5. Leo and Eddie got the thumb for arguing with Umpire Lou Jorda over a called strike in the fifth.

A walk to Red Schoendienst, Stan Musial's single, Johnny Lindell's double and a single by Enos Slaughter broke up the game in the 13th.

Boston and Cincinnati were not scheduled.

Lemon Wins Fifth On Three-Hitter

CHICAGO, May 26—(AP)—Cleveland's Indians open in an 18-game road tour here tonight with bolstered confidence because Bob Lemon, their ace pitcher, appears to have hit his stride.

If Bob Feller can return to form against the White Sox tonight, the Tribe's prospects will brighten more. Feller won his first two starts, but has failed to finish his last five.

Lemon's 3-0 victory over the Washington Nationals yesterday in Cleveland was the Indians' first shutout victory. It boosted them into a tie with the Nats for the bottom rung of the first division.

Lemon now has hurled five of the nine complete games posted by the Tribe moundsmen. He has five victories and two defeats, for the best performance of any Indian flinger. Last year, when he won 22, Lemon didn't chalk up victory No. 5 until June 12.

Washington made only three safe hits off Lemon, who walked five and fanned four. Sam Mele's double was the only extra-base blow.

"My curve started working good in the fifth inning when I started losing a little speed," Lemon said.

He was in serious difficulty only once—in the eighth inning, when with two out a single, a walk and his own fumble in covering first base filled the runways. But Eddie Stewart grounded out.

CLEVELAND HAD trouble scoring on tall Dick Weik, 22-year-old right-hander. Weik was wild, however, and walked 10 in the first seven innings during which he yielded five hits.

Larry Doby and Al Rosen walked in the fourth, and Lou Boudreau singled for the first Tribe hit to score Doby. The Indians added another marker in the sixth. Roberto Avila led off with a single, was sacrificed to second, and scored on a single by Dale Mitchell.

Mitchell, who paced the Cleveland attack with two singles and a double, rapped the two-bagger in the eighth and scored the final run on Mickey Vernon's single.

Avila, who was with the Tribe all of last season, started his first game for them yesterday when a hip injury kept Joe Gordon on the bench. Avila got a single and two walks and started two double plays.

Larry Doby was walked three times, but managed to get a base hit to extend to eight the number of consecutive games in which he has hit safely to raise his league-leading batting average to .418.

Gene Sarazen, 20 when he won the PGA championship in 1922, is the youngest golfer ever to win the title.

The 1950 football season will be the 81st for Rutgers University.

Salem To Play Three New Foes In 1950-51

Three new opponents—Akron Central, Akron Garfield and Youngstown Ursuline—make their appearance on the 1950-51 Salem High basketball schedule, released today by Faculty Manager Fred E. Cope.

The three schools replace Dayton Roosevelt, Garfield Heights and Struthers on the Quaker lineup. The first two were played here in a holiday doubleheader last year, while Struthers, a long-time opponent, dropped Salem this year due to Steel Valley Conference commitments.

Cope has arranged a slate calling for eight games at home, eight away and one home game in Columbiana High's new gym. The latter will be the annual tilt with East Liverpool. The Clipper gym was made available to Salem Friday, Jan. 5, by Columbiana officials. In the past few years Salem's game in the Liverpool home-and-home series has been played at the Youngstown South Fieldhouse.

Liverpool appears twice on Salem's schedule, as does Alliance.

Salem opens its schedule on Dec. 6 at Lisbon and winds it up on Feb. 21 with Ursuline, just 11 days before the start of the district tournament.

The 17-game slate is similar to those played by Salem for several years. Although many schools play 20 or 22 games, local officials believe that the shorter schedule is adequate.

The schedule:

Tues. Dec. 6—Lisbon, there.
Fri. Dec. 15—Columbiana, there.
Wed. Dec. 21—Alliance, here.
Fri. Dec. 22—Akron Central, here.
Fri. Jan. 6—E. Liverpool at Columbiana.
Sat. Jan. 6—Ravenna, here.
Fri. Jan. 12—Warren, there.
Sat. Jan. 13—Alliance, there.
Fri. Jan. 19—Girard, here.
Mon. Jan. 22—Youngstown Rayen at South Fieldhouse.
Fri. Jan. 26—E. Liverpool, there.
Fri. Feb. 2—East Palestine, there.
Sat. Feb. 3—Youngstown Chaney, here.
Fri. Feb. 9—Akron Garfield, here.
Sat. Feb. 10—Alliance, here.
Fri. Feb. 16—Sebring, there.
Wed. Feb. 21—Youngstown Ursuline, here.

Wakefield Won't Go To Oakland, He Says

DETROIT, May 26 — (AP)—Outfielder Dick Wakefield stood firm today in his determination not to report to the minor league team which bought him from the New York Yankees yesterday.

Even a telephone call from his new team, the Oakland Oaks of the Pacific Coast League, failed to sway Wakefield from his decision not to play minor league ball.

"I'm going to telephone baseball commissioner Happy Chandler and try to find out how this thing stands," said Dick, obviously irked over the Yankees' decision to sell him.

Saturday is Poppy Day when members of Firestone Legion Post and Girl Scouts will sell poppies, an annual event for the Saturday preceding Memorial Day. Contributions will be for the work of the auxiliary for disabled veterans and needy children of veterans.

Mrs. Ora Millen and Mrs. Gertrude McLaughlin are at the head of the auxiliary committee in charge of the sale. Troop 1, Girl Scouts, is sponsored by the auxiliary. Funds from poppies enable the auxiliary to carry out an effective child welfare program.

New Blue Sunoco Breaks All Records!

USERS SAY:

CADILLAC . . . "I use nothing but New Blue Sunoco in my 1949 Cadillac. I've tried a number of premium gasolines, but nothing can stand up to New Blue Sunoco for anti-knock power, mileage and all-round performance. New Blue Sunoco is also the only gasoline I use in all my wholesale meat delivery trucks." — JACK L. BIRENKRANT, Alden Park Motor, Detroit, Mich.

CHEVROLET . . . "I like the smooth power of my car since I've been using New Blue Sunoco. And I also appreciate the fact that I save money with every tankful." — JANE LYLES, 1531 N. W. 29th Court, Miami, Fla.

FORD . . . "New Blue Sunoco stopped the knock in my '49 Ford. This new high-test gasoline gives me what I want in a gasoline—real high-test performance at regular gas price." — R. R. JALBERT, Snow Road, Norwood, R. I.

Sensational new high-test gasoline scores greatest sales in Sun Oil history!

ON APRIL 12th we introduced a new gasoline . . . New Blue Sunoco.

In the week that followed more people bought Sunoco gasoline than in any previous week in our history.

New Blue Sunoco sales in April and May to date are our biggest gasoline sales on record.

Why is this?

This sales record is made possible because motorists have been quick to realize that they get more for their money with our new Blue Sunoco. Designed for the new high-compression engines, this sensational new high-test gasoline puts new life into every car on the road. Ranking among the best gasolines in the

nation, it actually saves you up to 2 1/2 a gallon over premium-priced gasolines!

And here is the explanation

Sun Oil Company makes only one grade of gasoline. No second or third grade...only high quality, high-test New Blue Sunoco. Our policy of mass production and distribution means that we can pass enormous savings on to the consumer...savings on pumps, tanks, trucks, warehouses, pipelines, barges and refineries.

That's why you get sensational high-test performance at regular gas price when you buy New Blue Sunoco.

No gasoline gives you more miles per gallon than New Blue Sunoco. Try ten gallons in your car and prove it to your own satisfaction!

Capital Bigwigs To Aid Ferguson

Barkley, Others To Push Anti-Taft Drive

WASHINGTON, May 26—(AP)—The Ohio man Democrats have picked to oppose Sen. Robert A. Taft (R-Ohio) in November will get generous help from Washington.

Joseph T. Ferguson, Ohio's state auditor, is in Washington conferring with top Democrats on his campaign plans. The Democratic national committee announced yesterday it would assign three top strategists to Ohio.

William M. Boyle, Jr., national chairman, will be in Cleveland June 8 when Ohio Democratic chiefs and labor groups backing Ferguson get together, Ferguson said.

Early visits to Ohio also will be made by Mrs. India Edwards, vice chairman in charge of women's activities, and John N. Redding, director of publicity.

Meanwhile, Ferguson said he has an appointment to see President Truman this afternoon. He said he would try to get the President to visit Ohio three times before the November election.

There is a chance that Vice President Barkley may visit Ohio in Ferguson's behalf. The Senate aspirant said Barkley may be among the speakers that Boyle has promised.

Ferguson talked with Barkley, as well as Senator Maybank (D-SC), a member of the Democratic senatorial campaign committee. He also conferred with Joseph Keenan, director of Labor's League for Political Education.

Ferguson revealed that the City Club of Cleveland had proposed by letter that he and Taft debate during the campaign. "That's one that's not going to happen," Ferguson told a newsman.

Board Weighs Liquor Rules

Will Submit New Set To Sec. Of State

COLUMBUS, May 26—(AP)—The state board of liquor control is considering what further changes it should make in its proposed revised liquor regulations. The board had the job of watching through two days of testimony given at public hearings on its proposal to rewrite the present 71 regulations into 66.

Chairman Frank M. Kone promised the board would submit the new rules, with changes made after considering testimony at the hearing, to the secretary of state within 10 days. The regulations would become effective 10 days afterwards.

Whether the board would alter its proposal to continue the "license" on issuance of new retail liquor permits was not known. Liquor Director Oscar L. Fleckner urged the board to lift the "license" on issuance of new beer and wine permits and by the glass permits.

The board heard both approval and condemnation of continuing the license which has been in effect since early in 1948.

Charles G. Schum, Akron attorney, said the license led to "bootlegging racketeering" in the sale of beer. Because buying a business with a liquor license is the only way to obtain a license, he declared, some licenses worth only \$5,000 have been sold for \$15,000 to \$25,000.
